3. Entries that have not complied with rules (1) and (2) will not be eligible to show, receive premium monies or earn points in the association's Register of Renown.
4. Animals to be eligible to be shown in group classes must be entered and shown in individual classes.
5. Entries will be listed numerically according to age (oldest first) in catalogs and judging schedules. Include animal identification number (number brand) as a part of identification. When entering the arena for judging, the handlers will line cattle up numerically in the same order.

6. Judges will be allowed to comment on placing in selected classes when conditions permit.
7. Each animal will be presented in the show ring in its natural conformation and structure without alteration or modification. If any exhibitors/owner/showman interfered in any way with the judge or shows disrespect to him, or to the show in the ring, the exhibitor/owner/showman may be dismissed by the judge or show management from the ring. 10. For females being shown in the three oldest classes, **CURRENT YEAR LESS 3 YEARS** (females calved September 1 – August 31, for Fall Shows; females calved January 1 through December 31, for Spring Shows), exhibitor must have a certificate of pregnancy, no older than 30 days, issued by a licensed veterinarian or certified technician to be presented to show officials at time of check – in or registration paper check. The show reserves the right to perform pregnancy determination by palpitation for females in the above classes at any given ABBA approve show if an official protest has been filed. Females exhibited in the last class **MUST** have her nursing natural calf at side. At the International, National and any other participation show, the Original Registration Certificate or Original Copy (Blue with Copy across it) of each animal entering the ring for the group classes must be presented to the Show Official for parent verification. In an attempt to accommodate the exhibitors, the registration certificates of animals being exhibited in the group classes will be checked in advance at a specified time. Two animals for Natural Produce, four head for Embryo Produce and six head for the Get of Sire classes can be checked allowing the exhibitor to make the final selections prior to the show. If an exhibitor does not want to check papers early they would then have to bring papers on each animal that will enter the ring, at class check-in.

Any cattle that are 50% of each color in their pedigree can be registered in the color the breeder selects but will be inspected by the ABBA Color Committee. All grey cattle and solid black cattle will show grey. Red, black and white speckled or red & white speckled cattle will show red. A three person ABBA Color Committee will color classify at the International, National, Kick-Off Classic and the All American Shows. In addition, the Show Committee has the right to Color Classify any other Top 10 ABBA Approved Show unannounced. Once animals have been classified they will be stamped with their color classification and remain in that classification throughout their show career. The decision of the Color Committee is final.

22. Any animal that exceeds the weight & measurement requirements at the International Brahman Show, National Brahman Show, All American National Junior Show or any other designed show where weights & measurements are taken will be in-eligible to show at the show and any future ABBA Approved Shows until the next show that weights & measures are taken when they can requalify.
