

CREATIVE LIVING CENTER

We are excited to present the 2018 Creative Living Center's Events/Contests for the 65th Alabama National Fair & Agricultural Exposition.

We know you will be excited when you see all of our contests and categories for the Creative Living Center. **Please, be sure to read all the rules and regulations very carefully.** Some rules and regulations may have changed.

We take pride in our contests, and we hope each of them will give our exhibitors the opportunity to express their talents and skills. We have added some new contests, removed some of the old and made adjustments to others. The contests are divided into 5 major categories. We have Early Entry Adult, Early Entry Youth, Live Contests Adult, Live Contests Youth and Special Needs. With all of the categories, we should have entries from gardeners, quilters, crafters, wood carvers, artists, seamstresses, and many others, adults and youth alike. It is time to begin the work and preparation to get ready for the 2018 Alabama National Fair.

We are very proud of the Creative Living Center which began in 1962. All of your entries help to make a very interesting building. We have tried to improve our look this year and I know you will enjoy your stroll through the Creative Living Center to see what's new for 2018.

We invite you to be a part of the 2018 Alabama National Fair. We offer online registration for the convenience of drop and go, but we understand some exhibitors would still like to come and visit.

If you have any questions, please give us a call. I look forward to meeting and visiting with you. See you at the Fair!

Sincerely yours,

Ann Ball
Creative Living Center Director
